NWCOA® Certified Basic Wildlife Operator Training

March 2 - 3, 2018 8:00 am - 5:00 pm

NWCOA brings this two-day certification course to California to train new and current WCOs that perform wildlife management services in or on residential and commercial properties. Upon completion of this course and successful passing of a test, the WCO will become a NWCOA Certified Basic Wildlife Control Operator, receive a certificate of completion, and use of the logo.

Topics Include:

- Bats, Birds, Squirrels and other commonly encountered species
- Animal Biology
- Animal handling
- Euthanasia
- Inspection
- Safety

\$300 members/\$400 non-members

Qualifies: 16 CEUs

A recommended training manual, *NWCTP (Wildlife Control Core Principles and Wildlife Species Information)*, may be purchased separately at <http://store.nwctp.com/products/core-principles-and-wildlife-species-information-training-program-for-wcos>. A 15% discount is available from 1/19 - 3/2/2018 by using the code: botcrohnerpark.

NWCOA is holding this training directly after the 28th Vertebrate Pest Conference - at the same facility!

This national conference, sponsored by the Vertebrate Pest Council, is a scientific forum for discussing and exchanging information on human wildlife conflicts.

For more information about this event, please visit: <http://www.vpconference.org/>

Conference Site & Accommodations

All training events will be held at the DoubleTree by Hilton Sonoma Wine Country

One Doubletree Dr.
Rohnert, CA 94928

A discounted rate of \$155 plus tax has been secured. The room cut-off date is January 30, 2018. Please make your reservations by calling 707/586-4655 and mention the National Wildlife Control Operators Association to get this discounted rate.

***If you are attending both the Vertebrate Pest Conference and the NWCOA training, you may need to make two separate reservations - one under each group.

How does industry training help you to build your business?

Training and Education make up the cornerstone of NWCOA's strategy to benefit members and the industry.

Education increases competence in technical and business management subjects.

Education raises professionalism of individual WCOs and the Industry as a whole.

Education has both intellectual and economic value.

WCOs that invest in training and education are better able to create solutions to their customer's wildlife issues.

Educated WCOs help build a strong business that is responsive to your clients' needs.

Register online at <http://nwcoa.com/botc.html> or complete registration form, and email to goNWCOA@gmail.com or mail to PO Box 655, Fredericksburg, VA 22404 by Feb. 16, 2018 for advanced registration. \$25 additional fee will be added for walk-in registrations.
