Ball FloraPlant®

1. NEW SureShot™ Series Petunia
This series has been bred to rigorous standards for a seven-day flowering time and matching habit, so all colors can be shipped to retail at the same time. All six varieties mix and grow well together to create a range of color combinations. Ideal for all pot sizes and hanging baskets.

2. CannonBall™ Series Petunia
Perfect for premium pots and hanging baskets, CannonBall offers excellent uniformity in habit and timing across all nine colors. A compact habit makes it easy to grow for pot-tight production. The series is early to flower, and all colors finish within a week of each other. Plants feature good branching and don't require pinch or PGRs.

3. ColorRush™ Series Petunia
Notable for big vigor and excellent garden performance, ColorRush is ideal for 12-in. (30-cm) and larger containers and baskets, as well as landscapes. The series will finish 10 to 12 weeks from stick, depending on region. Masses of blooms hold up in the heat and rain, in a range of bright, eye-catching colors and novelties. These 10 varieties have nicely matched habits, making production planning easier.

Visit ballfloraplant.com for our full product lineup.

Benary

1. Meet **Matilda,** Ptilotus Joey's beautiful, sassy yet classy sister. A breeding breakthrough, this unique cutflower will be the center of attention! This sun and heat loving beauty has a long vase live and is available in ApeX Seed for a high percentage of transplantable plugs. With just a 12- to 20-week crop time (depending on time of year), you can feature this as a tough home garden cutflower or one for professional florists.

2. **Pansy Cats'** fresh, fun blooms are the purrfect companion for any retail pet area! Completely new genetics of this popular series! Available in five vibrant colors, each with a distinctive "Whiskers" pattern. Up to 10 days earlier than the current Cats® series, so you can schedule them right beside your Inspire Plus Pansies. Pansy Cats' Series is improved for habit, earliness and branching creating full lush plants at retail! Great for fall and early spring sales!

3. **Corleone Cream** is a versatile addition to our vegetative, Corleone Coreopsis Series. Corleone Cream's dense blanket of soft buttery yellow flowers looks great alone, or in mixed combinations. The color is bright and clean and looks great with blue or warm tones. The compact, well mounded habit matches the rest of the series, and won't tangle on the bench. Outstanding outdoor performance! Sell as a premium annual or a hardy perennial – hardy to Zone 4.

Danziger

1. RIMarkable™ | Petunia
The deep-violet blooms, looped with a distinctive white rim make the new introduction for 2023, RIMarkable™ Petunia, truly remarkable. A wonderful example of breeding creativity, this new standout variety will be the must-have petunia home gardeners want next season.
RIMarkable simply glows in the garden with a mounding and trailing habit that makes it a perfect edition to larger premium baskets and combos.

2. HARMONY® COLORFALL™ Dark Leaf Red | New Guinea Impatiens
A true breeding breakthrough! HARMONY® COLORFALL™ New Guinea Impatiens are the first line of trailing NGI bred to bring bold, cascading color to shady spaces. COLORFALL offers all the traits growers love about HARMONY NGI, including uniform growth and big, color-saturated blooms paired with a little something different. The distinctive trailing habit creates stunning premium hanging baskets and combinations.
New for 2023, COLORFALL Dark Leaf Red offers even more originality with deep, dark foliage and striking red blooms.

3. GOLF™ Beauty Improved | Craspedia
If creativity was a plant, it would be GOLF™ Beauty Improved. This annual offers the unique conversation piece every home gardener is looking for, and the golf ball-shaped, bright yellow blooms are true head turners in the garden center. The newly improved variety has more vigor and flower power with increased ease of rooting under any light condition. GOLF Beauty works well in stand-alone gallons, offers a fun and surprising thriller plant in combinations and is a striking addition to garden beds.

Proven Winners

1. If you are looking for a new bicolor calibrachoa, look no further than **Superbells® PRISM™ Pink Lemonade** from Proven Winners. Gardeners will love watching the colors change through the seasons, first opening lemon yellow and then transitioning to vibrant pink. Easy to design and mix with other medium vigor plants, too. Screened for Thielaviopsis resistance with a vigor rating of 2.

2. These new well-branched forms of climbing Ipomoea quickly form robust masses of beautiful foliage! These are dramatic accent options for baskets and containers and present well in a Royale™ container with a trellis. Available in two colors, **Key Lime** and **Black Coffee**, the **Sweet Caroline UPSIDE™ Ipomoeas** feature leaves similar in shape to Sweet Caroline Raven™. Gardeners can expect 36-72" in height, with a spread of 18-36". Best in part sun to sun with a vigor rating of 4.

3. Our very first yellow Mini Vista petunia! This strong growing cultivar bears clear yellow flowers on an attractive globe-shaped habit. **Supertunia® Mini Vista® Yellow** will be loaded with flower power all season without deadheading! This is a durable petunia that tolerates adverse growing conditions and showed excellent heat tolerance in Florida trials. Vigor rating is 3.

Selecta One®

1. NEW Headliner™ Strawberry Sky Petunia
Finally, a red spotted petunia with exceptional quality and stability! This colorful new addition to the widest selection of spotted petunias on the market has medium vigor and early flowering for a fast finish. It provides the performance, consistency and dependability you expect from the Headliner series. The large strawberry-red blooms have a white speckled pattern that offers outstanding stability and reliability. Out-of-this-world color in large pots, hanging baskets and mixes.

2. NEW Magadi™ Compact Blue Bay Lobelia
NEW Blue Bay features a unique splash pattern that holds through summer conditions. The compact series has an upright, densely branched habit and early flowering in a range of brilliant colors. Ideal for quart pots.

3. NEW Lascar™ Orange Lava Verbena
Sun and heat-loving verbena has an upright, super-dense, semi-trailing habit that won't fall apart. Uniform series is early to flower and compact for small pots and baskets. Excellent in combinations. NEW Orange Lava features a bright orange color that is unique to the industry and eye-catching in the landscape.

Dragon Wing series of begonia from PanAmerican Seed

NEW ANNUAL VARIETIES

Your guide to the latest annual varieties from around the world.

Photos courtesy of respective breeders

Begonia Hula from PanAmerican Seed

BEGONIA

The popular, tried-and-true **Dragon Wing series** of begonia from **PanAmerican Seed** is now available in a desirable White variety for 2023. Dragon Wing grows lush and vigorous in southern U.S. heat and under cool, stressful conditions in the north and Canada. The unique and beautiful arching, pendulous habit is spectacular in hanging baskets, large containers and commercial landscape plantings. Angel-wing leaves and large blooms give Dragon Wing a dramatically different look. Easy to grow from pelleted seed, it surpasses vegetative varieties for branching, vigor and "flower power."

Begonia Hula from **PanAmerican Seed** is a unique spreading begonia series that looks great on the retail bench and amazing in hanging baskets and mixed containers. Hula is fast to fill in landscape beds, creating a blanket of flowers with high-impact color – launching with Red, Blush, Pink and Bicolor Red White.

Begonia I'conia Bachelorette Red from **Dümmen Orange** is a unique single-flowering addition to the I'CONIA collection. Bachelorette Red is a hot selection, with standout flower power and an overall stellar look for containers and beds. Exceptional performance and spicy-red flowers make this hybrid begonia a must for baskets and containers. Great as a

COLIBRI Exotic Red Bling from Danziger.

single selection and mingles well with others.

CALIBRACHOA

Add a little drama and sparkle to your calibrachoa mix with **COLIBRI Exotic Red Bling** from **Danziger**. This new for 2023 variety combines large, eye-catching red blooms with a dash of golden bling. The COLIBRI Bling series features an exciting new star pattern that stands out in the garden. A true head turner, Exotic Red Bling captured a great deal of attention at 2021 trials and CAST. Its controlled growth makes it a well-behaved member of any combo or hanging basket.

Uno White Gold from **Selecta One** is a novel bicolor addition to this established calibrachoa series. Clear white blooms with golden centers, match well with other MiniFamous Uno varieties. Medium compact habit makes it an ideal choice for baskets.

CELOSIA

Flamma from **Sakata Seed America** is coming in hot! Not only does Flamma have exceptional heat tolerance in the field, but this celosia stuns with early, uniform flowering. Available in five vivid colors and one mix, Flamma provides vibrant plumes of color that won't fade.

The plumosa **Floriosa series** from **Ball Ingenuity** is available in several colors. She shines with her flaming torches from April as a cheerful spring bloomer to October as a rewarding fall décor program. If finishing before the end of May, Floriosa will require black cloth

Floriosa series from Ball Ingenuity

Coleus MicroBlaze Matchsticks from Ball FloraPlant.

– an exciting extension for this plant. Available in five colors: Red Dark Leaf, Orange, Purple, Red, and Yellow.

COLEUS

Coleus MicroBlaze Matchsticks from **Ball FloraPlant.** This micro-coleus has a unique foliage pattern with a habit perfect for small pot programs and decorative container mixes. It's versatile for full sun and shade with stunning color and high impact.

CROSSANDRA

Crossandra Watermelon from **Dümmen Orange** is a new variety to the market, which falls under the heat loving annual category. It has a unique pink/red toned flower color, unlike no other in the market. The color saturation of the glossy dark green leaves and vibrant watermelon flower color give off tropical vibes. The watermelon variety has an upright habit and tons of flower power. This plant works well in a premium container and landscape.

DIANTHUS

The first hanging basket-type dianthus on the market. **Falling in Love Rosie** from **Ball Ingenuity** fills out its containers quickly and features beautiful bright-pink blooms that cascade. It offers repeat blooming from spring through summer for a lasting stream of color.

DOUBLE IMPATIENS

Double Impatiens Glimmer is a new double impatiens series from **Ball FloraPlant** with beautiful rose-like blooms is highly resistant to Impatiens downy mildew. They make fabulous, durable hanging baskets for shade and low-light gardens. Launching for spring 2023 in seven colors. Available exclusively through Ball Seed.

IMPATIENS

The heat-loving impatiens you know and trust, now available in gorgeous bicolors. New **Lavender Splash** from **Sakata Seed America** has large orchid flowers highlighted with splashes of lavender; coupled with bronze foliage that provides striking contrast in a strong, mounding habit. New Lilac Improved offers an endless supply of vibrant lilac blooms all summer long. Purple Candy has large rose flowers with dark magenta, is early to bloom and well branched. Classic White is very floriferous with tons of large, clear white flowers. Exceptional heat tolerance and strong mounding habit.

Solarscape from **PanAmerican Seed** is

SunPatiens Vigorous impatiens from Sakata Seed America

an interspecific impatiens from seed that provides unbeatable color in full-sun landscapes and containers. Performs just like vegetative varieties with the flexibility of seed. Greenhouses that supply the professional landscape market will appreciate this option for non-branded needs. Available in four colors plus one XL variety.

SunPatiens Vigorous impatiens from **Sakata Seed America** offer the same great performance as Compact SunPatiens, but with 20-25% more vigor. New **Peach Candy** has large, eye-catching flowers with splashes of vibrant orange and dark bronze foliage for a striking contrast. **Pretty Pink** offers beautiful, baby pink blooms covering the entire plant. Both new colors offer strong retail appeal and very grower friendly.

LANTANA

New Pink features large flower clusters that open in creamy yellow and mature to light pink and dark green foliage with a strong, mounding habit. The **SunDance** series from **Sakata Seed America** offers exceptional heat tolerance and continuous blooming all summer. A very grower friendly series that serves as an excellent component plant for both SunPatiens and SuperCal combos.

PANSY

From **Sakata Seed America,** new **Grandio** colors include Red with Blotch and Silver Blue. Red with Blotch is early with uniform flowering that matches the series. Silver Blue is excellent for fall to winter flowering and

Solarscape from PanAmerican Seed

RIMarkable Petunia from Danziger

has excellent uniformity to match the series.

PELARGONIUM

Pelargonium Santana White Splash from **Dümmen Orange** is part of their new interspecific geranium series that brings the heat. It has much improved heat tolerance and its exceptional performance in both retail and in the garden make it an easy choice for both containers and hanging baskets. Dark green foliage provides a striking contrast to the large oversized crisp white blossoms with bright pink center. Bench running this series will be a breeze.

PETUNIA

The deep-violet blooms, looped with a distinctive white rim make the new **RIMarkable Petunia** from **Danziger** truly remarkable. This new standout variety caught everyone's eye at CAST and will be the must-have petunia home gardeners want next season. RIMarkable features a mounding and trailing habit that makes it a perfect edition to larger premium baskets and combos.

The Sky Petunia family from **Selecta One** expands in spring 2023 with **Strawberry Sky**, a berry hue bloom speckled with the popular sky pattern. The Headliner series is a medium-vigor, mounded series with early flowering and a fast finish.

Smartunia Baby Pink from **Dümmen Orange** is a new petunia from the world's first TMV-resistant petunia series powered by Intrinsa. Smartunia Baby Pink offers growers and retailers peace of mind while also looking beautiful in premium pots, planters and baskets. Its shimmering soft pink blooms that fade to a white center are striking in the sun. Smartunia Baby Pink's bubble shaped, mounding habit with medium vigor is programmable for early to mid-Spring season sales just in time for Mother's Day.

Speckled petunias are on every consumer's wish list. But often they lose their pattern as the season progresses. **Danziger**'s **SPLASH DANCE** series was bred in Israel, tested, and trialed around the world. Only those selections that held its pattern in the heat were chosen for this series. SPLASH DANCE petunias create fun and beautiful gallons, hanging baskets and combos. There are nine colors in the series, and Calypso Cherry was a CAST 2022 favorite. Also new for 2023 are Rumba Rose, Moon Walk, Violet Vogue and Fuchsia Flamenco.

SureShot from **Ball FloraPlant** is a new grower-friendly petunia series that has a seven-day flowering time and matching

habit, so all colors can be shipped to retail at the same time. All varieties mix well together to create a range of color combinations. Ideal for all pot sizes and hanging baskets. Available in six colors.

PRIMULA

Dania from **Sakata Seed America** is an ideal series for the early flowering segment. For growers, its compact plant habit requires little to no use of PGRs, while a vibrant color range and good uniformity make Dania a true eye-catcher at retail. With eight colors and a mix available in the series, Dania offers color variety that works well in pots or beds.

RUDBECKIA

This series shows off masses of flowers in modern and appealing colors. From **Ball Ingenuity**, **Rudbeckia August**'s semi-double blooms grow beautifully in large containers for showpiece displays or make a great home garden cut flower. Can be grown as a premium annual. Available in four colors: Forest (green), Flame (red), Glow (yellow) and Sun (orange).

PORTULACA

The **MEGA PAZZAZ** Portulaca series from **Danziger** is all about big blooms, in attention grabbing, bold colors. MEGA PAZZAZ Pink Twist features pretty, pink and yellow bicolor blooms on a moderately semi-trailing habit. This series features an early flowering time and is also heat and drought tolerant. MEGA PAZZAZ is recommended for gallons, hanging baskets and larger combinations.

SALVIA

CAST attendees were drawn to the gorgeous blue flowers of SALLYFUN **Blue Lagoon** from **Danziger**. The deep blue blooms cover the plant throughout the summer. This heat-tolerant salvia features an early and uniform bloom, with strong radial branching. Stunning in gallons, combos and in the landscape, it's a must-have for pollinator programs. It's also very easy to grow, so home gardeners love it.

VERBENA

Lascar Orange Lava from **Selecta One** fiery red verbena with a creeping and spreading habit – a garden spectacle, like lava oozing along the ground! It won't fail to draw attention. Lascar is early-blooming and wide-branching, and grows beautifully in hanging baskets and in combos, too.
