

Your personal invitation to our

INNOVATIVE MANUFACTURING DAY

11th June 2024

Dear business partner,

Find out more at our Innovative Manufacturing Day with exciting trends, advanced innovative machine technologies, products and the latest developments from bavius and MAPAL.

On the AeroCell 5-axis horizontal machining center we will demonstrate high speed milling using innovative solid carbide tools and indexable inserts. At this inspiring event we will show the perfect synergy of machine and tooling solutions for your applications.

We look forward to an exciting day and good discussions with you.

Armin Walther **Sven Frank**
bavius MAPAL

Exhibition partners:

Blum-Novotest	Hexagon
Cenit	Siemens
CGTech Deutschland	SMW-Autoblok
Fischer Spindle Group	VSG-Software Service

PROGRAM

- 8:45 **Registration**
- 9:00 **Welcome and introduction** | A. Walther, bavius
- 9:15 **AeroCell 160 with powerful 140 kW spindle** | A. Paranjape, bavius
- 9:45 **bavius digital twin** | P. Mengerhausen, bavius | P. Steiner, Siemens
- 10:15 **Break**
- 10:30 **Introduction MAPAL** | S. Frank, MAPAL
- 10:45 **From raw material to finished parts** | M. Wolf, bavius | J. Ilg, MAPAL
- 11:30 **Artificial intelligence in manufacturing** | Prof. Dr. M. Straub, RW University
- 12:00 **Break and discussion**
- 13:00 **Live machining and exhibition**
- 14:30 **Discussion and networking**
- 16:00 **End**

REGISTRATION

Please register for this event by 30.04.2024 at the latest.
