OPERATIONS
FORUM 

“Maximizing Older Plants”

MRF Ops Forum

October 2024

Maximizing Older Plants

- *“How to keep your older components and plant operating”*
 - Presenters – all spoke of identical reasons
 - Maintaining a safe work environment
 - Street Competitive – protecting current contracts and seeking new contracts
 - Controlling operating & maintenance costs
 - Controlling labor – replacing labor
 - Maintaining performance – recovery & quality
 - The “ever changing characteristics” of the inbound stream

Maximizing Older Plants

- *“How to keep your older components and plant operating”*
 - Presenters will share a variety of “smaller-medium” sized upgrades & maintenance performances that have enhanced their Recycling Centers
 - Combined, 60 years of operational experience
- **Alex Pantzlaff** – Outagamie County – Appleton Wisconsin
- **Ernesto Valencia** – Homewood/Diversified – Chicago IL
- **Margot Swank** – Republic Services – Oberlin (Cleveland) Ohio
 - Q & A after the presentations
