Domain Authority

Domain Authority is a measure of a website's credibility and influence online. It reflects the quality of content, audience engagement and visibility in search.

■ RecyclingToday.com
■ Resource-Recycling.com
■ RecycledMaterials.org

■ RecyclingProductNews.com
■ RecyclingInternational.com
■ MetalsRecyclingMagazine.com

Recycling Today leads the industry with exceptional Domain Authority, giving your brand the advantage of advertising in a trusted, highly visible environment.

Partnering with us means your message benefits from the credibility and reach we've built, ensuring greater impact with the decision-makers who matter most.

The Power of Print

As the most-requested print magazine by industry decision-makers, *Recycling Today* delivers powerful advertising impact.

Advertising is an investment to reach decision-makers:

- *Recycling Today* is personally requested by more decision-makers.
- *Recycling Today* has the most up-to-date file of decision-makers.
- *Recycling Today* reaches the most decision-makers.

Leverage your investment: Advertise with *Recycling Today*.
Leadership is measurable!

Overall Circulation Size

Recycling Today simply delivers more access to industry decision-makers!

As the oldest and most-trusted media brand serving the global recycled materials industry, we believe in transparency.

When looking at circulation, three measures are critical:

1. Overall file size.
2. The age of the file, meaning how long ago the records were updated.
3. The source of the records, meaning whether directly requested by the reader or if they came from another source.

We are the only publisher who releases this data. It's part of our commitment to total transparency, allowing marketers to evaluate their media investment.

Ask us for our detailed circulation audit report.

Print Remains Powerful

Print advertising remains highly effective, even in today's digital age. It builds credibility, strengthens brand awareness and connects with audiences in a tangible, lasting way unmatched by other platforms.

Print advertising offers staying power that digital can't match. Unlike online ads that can be skipped or blocked, print commands attention, builds trust and reinforces brand authority. For marketers of capital equipment—where credibility and long-term impact are crucial—print remains an essential advantage.

Targeted eNewsletters

The *Recycling Today* eNewsletter collection reaches decision-makers across the global scrap and recycling industry. With broad distribution and strong open rates, it delivers exceptional visibility and communications impact.
